MEMORANDUM FOR: See Distribution

FROM :
Chief, IAD/Plans StaffSUBJECT : Mandex, Inc., Computer and Data Systems
Designing

1. The attached is a syllabus of Mandex, Inc., a computer and data communications systems designing firm. The firm is represented to potential Government contracting components by its Vice President, W. Edward Andrews. The firm seeks to provide its services to intelligence analysis, scientific and technical methods of collection, logistics, management, and training. (See Section VI and attached exhibits.) Mandex has recently established offices at Tyson's Corner. The firm's previous experience is outlined in Appendix B. The firm came to my attention while serving as the EEO Officer for the DDO and has recently requested my assistance toward enabling it to present its capabilities to the Agency.

2. The firm's understanding of the Agency's mission and organization and the issues the Agency faces in the 1980's are outlined in Section VI, and appear to be drawn from books and other overt sources. (Therefore, you can excuse the misunderstandings, recognizing the research and preparation effort as a positive element toward consideration.) In light of your current and future requirements, please review and provide me with your comments and expressions of interest in pursuing or exploring contract relationship with Mandex, Inc.

3. After receiving your comments and expressions of interest, I will forward same to Deputy Chief, Procurement Management Staff/OL for his use in arranging a capabilities presentation.

note: Sandy
disposed of the
syllabus as it
was of no
interest.
